“ My condolences and sympathy to the entire family. Although I never had the honor to meet Ms. Willa, I feel her sweet spirit. Her legacy is in good hands with her son, my friend Jim. Praying for God's peace. ~Debra Jones Pettis

“ Too many to count! My big sister allowed me to drive her car when I had my learner's permit and we were attending CCHS. She tried to keep me out of trouble during our years attending District 48 elementary school, kept me from sinking into the mud too deep to be extracted when we decided to cut across the field as a short cut to our farm home on the Badger place, helped me to keep the cob baskets full for cooking at the Tooley place and rode with me on our ponies named Tony and Babe when we went to visit the Morrison and Wilhoft farms. We caught more fish than probably modern limits would be allowed at the Tooley farm sandpit and Warm Slough. Willa was the special photographer at our wedding and had a hard time getting the flash attachment under the brim of her hat but she managed to favor the Sidders side whenever there was a problem getting everyone in the photo. Truth be told, she favored Donald Trump even before I did during our most recent Presidential election. What a great friend to myself and Sharon during our 60 years of marriage. No way to describe how much she will be missed.

“ Hers was a life well lived right up to its end. Her wisdom, patience, fortitude, quiet energy, warmth and genuine affectionate spirit graced a woman who always made a DIFFERENCE. Willa could always be trusted to give an honest, thoughtful and well studied response to problems presented, whether personal or professional. Her determination and creative organizational skills have built visible permanent monuments to her devotion to her community. Although I knew her at CCHS, we became good friends in later life, sharing travel adventures, sunny walks, late night laughter with our other "Swig Sisters" and confidences that only trust can bring. She will remain in my loving memory for the rest of my life, Sally Stringer Burkstaller

“ I have known this wonderful lady for most of my life. We graduated together and traveled together as we reconnected high school friendships. Our girlie trips were outstanding and took us all on adventures and places we had never seen. The late night night adult conversations are a treasure for me and we will miss her so much. Happy and safe travels dear Willa. xoxoxo

“ Sending love and sympathy to Willa's family. Think of all the lives she touched -- and all the lives she saved (she taught so many of us how to swim)! Truly a life well-lived.

“ I loved your mother, the minute I met her! Nancy brought me to the lake house and there was Willa Dell, on top of the roof sweeping leaves off of the roof. I remember telling Nancy right away, " I LOVE YOUR MOM!" I am so sorry for your loss of such a beautiful human here on Earth. I have been praying for God's comfort and peace for all of you.
