“ I worked with Don for many years on the railroad. We often helped one another on different job sites. You could always tell when Don had been in one of the signal houses as there was an empty Dr Pepper can in one of the racks in there. 😊 Deepest sympathy to all his family. RIP Don 🙏. Randy Walz

“ *To Donnie's family I knew Don as Donnie, way back when. K-4th grade we were in the same class. Donnie was always teasing someone, I was often that person, it was not mean teasing, not bullying. Just fun. I remember many in our class playing on the "monkey bars" and Donnie was right there. I am sorry for the loss. I am happy to know he has a wonderful loving family and that he enjoyed life.
