Kristi has been part of my family since she left home. Her smile and loving personality was contagious. We shared the love of birds and when she went out to buy a parakeet she came home with 4. When I asked I thought your were getting 1, the response from her friend Penny, she wanted 1 of each color. So that's what we did. She had a way of getting what she wanted. I am a better person knowing such a wonderful lady and I will seeing her. Kristi will be remembered . I am so sorry for your loss. May she now be free of any pain and fly with the Angels. I had known this precious young Kristy for almost two years it happened when I was hired by Linda Kinnison to work with Kristi. I am so thankful with God I met this sweet lady because every day I learned something beautiful from her I remember her telling me on a daily basis 'my dad called me at 2 to wish me a happy birthday' her smile was very contagious, her strong personality always captured my and others attention. The angels are happy you joined with them. I am so sorry for your loss. my heart is consoled knowing that now you are In heaven free of any pain. Marielena Mendoza.

“ *Kristi was a special person to work with, I remember her smile when I would see her each day. If she wanted your attention she would call your name until you went over to see her. She loved cats and babies, she had a special movie she liked to watch and she would ask for it to be played all the time, Three Men and a Baby. I will never forget her laughter, when she would play Connect Four, she would push the bottom lever for the discs to fall then she would laugh so hard. Kristi was very special to her Mosaic family, she will be missed! Special prayers for her family.*
