“ I was so sorry to hear of Lanny’s passing. I’m not sure if Lanny ever knew of this but I want his family to be aware of this now. Lanny was always my hero. When I was diagnosed with having MS myself I always looked up to him because I knew you could have a normal life in spite of this disease. He always gave me hope! Of course there is always problems in life but living with MS does not have to mean you give up. Any reports I ever heard about him was that he was always still going strong! I admired that about him so much. I don’t know if Lanny even knew who I am but I most certainly knew who he was. My HERO! He always gave me hope. Wanda Flodman Phillips
