“ Aunt Lila was my favorite. I looked forward every summer going to Uncle Hal and Aunt Lila's farm. We would get on the train and ride from St. Louis to Marshall Texas, Lila and Hal were always there to greet us. We would get to ride horses, fish, feed the cattle, and they taught me to drive the tractor. The days were filled with good memories. But I think my favorite memory was having desert and then playing cards on thier kichen table. I was lucky enough to see her a few years back and will remember her always. I will miss her.

Lila taught my mother how to run a business in the 1950's and taught me to be a good man like Hal, helping others to produce good machined products. I Always liked to talk with Lila on the phone because she had such a good voice and pleasurable conversation on all current affairs, a very entertaining person even from afar, I always loved Aunt Lila even though she was never my blood Aunt, seemed to me she is still my aunt and will always be so in this world and the next world. I love you Lila and always will ... Your Lost Nethew ,, Doug
